Profile

I'm Adam Witton, I'm 21 and grew up in Stourbridge in the West Midlands and graduated from University College Falmouth with a first in graphic design. I really enjoy branding and packaging and believe with a strong, creative idea any project can stand out from the crowd. I like to push the boundaries of what can be achieved in design and treat every project as a chance to try something new.

I have been drawing from an early age and realised I wanted to move away from Illustration and more towards Graphic Design in my teens. This background in drawing has given me the ability to be able to sketch an idea in its early stages and my experience in the digital medium allows me to bring an idea to life with finesse and polish.

I live for the moment when you finally crack a hard brief and will often find myself working into the late hours of the night just to finish a project even in my personal work.

Education

Stourbridge College
of Art and Design
2007-2008
Art Foundation Course

University College Falmouth
2008-2011
(BA) Hons Graphic Design

Experience

D&AD

I was a nominee for the 2011 D&AD student awards.

Nixon Designs

During my 5 week work placement I worked on projects for Aspect Holidays, Uneeka Home and Martinhal Resort as well as advertisements and brochures.

NBC Universal

In collaboration with three other designers I re-branded Universal's channel structure and pitched the idea to the heads of NBC Universal in London.

Flex Magazine

I was head designer of the reviews section as part of a design team which helped set up the student magazine Flex.

TwoDesign

I worked with the designers at TwoDesign on a print campaign for the NHS.
